## Special Educational Needs at Christ the King School

High quality first teaching and additional interventions are defined through our person-centred planning approach across the school contributing to our provision management arrangements. These processes help us to regularly review and record what we offer all children or young people in our care and what we offer additionally. These discussions also serve to embed our high expectations amongst staff about quality first teaching and the application of a differentiated and personalised approach to teaching and learning. We make it a point to discuss aspirations with ALL our learners. This is a whole-school approach and this report will promote how we underpin this practice across our classrooms, pastoral care and support arrangements.

Underpinning ALL our provision in school is the graduated approach cycle of:

All teachers are responsible for every child in their care, including those with special educational needs.

**Assess:** Class teachers are constantly assessing children informally throughout the academic year and formally assess them at least half termly. Pupil progress data is analysed by both the class teacher and our Assistant Head (Assessment). Any pupils who are not making expected progress, are identified and class teachers plan provision to enable those children to make progress. There is an assessment column on each IEP – for SEND children in most cases PIVATS is used for assessment or entry and exit assessments on intervention. There may be less data based assessment used to determine if a child is progressing with SEMH or sensory need.

**Plan:** Class teachers are responsible for identifying the next steps in children's learning and for planning differentiated lessons, activities and intervention to support children in making progress. Children on the SEND register also have an Individual Education Plan or Learning Journey with specific targets for children to achieve as well as planned methods for the children to meet those targets. Parents are always invited to attend One Page Plan and Profile planning meetings and discuss targets with the teacher. Where age and ability appropriate, the child is also included in the discussion about their learning targets.

**Do:** Class teachers are responsible for ensuring that the planned lessons, activities and/or intervention are carried out. Class teachers ensure that all pupils receive quality first teaching and small group support from themselves within lessons. There may be times when targeted support is provided by other members of staff such as a teaching assistant or another teacher. The class teacher works closely with other adults who work with children in their class, over-seeing provision and discussing progress and next steps with them.

**Review:** The class teacher reviews the child's progress against the targets set. Parents and, where age and ability appropriate, the child, are included in a review of the One Page Plan. New targets are then set and the assess, plan, do, review cycle continues.

Having consulted with children, young people and their parents, all our additional provision (internal or external) is based on an agreed outcomes approach and these are discussed with the professionals that offer the support to your child/young person and hold both our internal/external providers and ourselves to account.

### SEN Needs:

Children and young people's SEN are generally thought of in the following four broad areas of need and support:

#### Communication and Interaction

*Children may have a delay or disorder in one or more of the following areas:*

Attention / Interaction skills:	May have difficulties ignoring distractions. Need reminders to keep attention. May need regular prompts to stay on task. May need individualised motivation in order to complete tasks. Difficulty attending in whole class. Interaction will not always be appropriate. May have peer relationship difficulties. May not be able to initiate or maintain a conversation.
Understanding / Receptive Language:	May need visual support to understand or process spoken language. Frequent misunderstandings. Repetition of language and some basic language needs to be used to aid their understanding.
Speech / Expressive Language:	May use simplified language and limited vocabulary. Ideas/conversations may be difficult to follow, with the need to request frequent clarification. Some immaturities in the speech sound system. Grammar/phonological (Speech Sounds) awareness still fairly poor and therefore their literacy can be affected.

The school works closely with speech and language therapists where they are involved with individual pupils and carries out work and support activities recommended by the SLT with individual pupils. The school also provides small group support based around the development of communication and interaction skills. Such as *Time to Talk* for EYFS which will be carried through to Key Stage 1. There are other social and communication bespoke interventions used throughout the school. The school invested in a range of social interventions throughout the year eg. Fireworks in my stomach etc. covering a range of issues such as anxiety and anger.

#### Cognition and Learning Needs

*Children may have difficulties with the skills needed for effective learning such as the use of:*

Language, memory and reasoning skills  
 Sequencing and organisational skills  
 An understanding of number  
 Problem-solving and concept development skills (Being able to categorise, hold in memory and understand the next blocks of learning)  
 Fine and gross motor skills (Motor skills is an action that involves using muscles. Gross motor skills are larger actions and fine motor skills are smaller actions e.g. Handwriting)  
 Independent learning skills  
 Exercising choice  
 Decision making  
 Information processing

This is a broad area of SEN and the school offers a variety of individual support within appropriately differentiated high quality lessons. Some examples of the provision offered by our school are:

- Access to in class additional 1:1 support
- Access to in class small group support
- Additional small steps assessment (PIVATS)
- Periods of withdrawal for specific English focus
- Periods of withdrawal for specific maths support
- Speech and language support delivered by LSA
- Speech and Language support delivered by therapist
- Occupational/physio-therapy delivered by therapist
- I.C.T. specific hardware and software
- RWI 1:1
- Precision teach
- Regular reader programme
- Social support group
- Social support 1;1

- Positive Playground Scheme
- CAMHS
- Access to before/afterschool/lunchtime club
- Further examples can be found in the whole school provision map.

### Emotional, Mental and Social Health

*Children may have difficulties with social and emotional development which may lead to or stem from:*

- Social isolation
- Behaviour difficulties
- Attention difficulties (ADHD)
- Anxiety and depression
- Attachment disorders
- Low self esteem
- Issues with self-image

The school provides a supportive and caring ethos and aims to support children's social, emotional and mental health through fostering a safe and secure environment. The school also offers *Social Stories* for those children who need support with understanding social situations. We have a range of social intervention programmes.

School signposts services such as 'Rainbows' for bereavement support. We regularly undertake a 'Positive Playground' intervention for those children who struggle to access lunchtimes with their peers. School has access to the Seedlings project via the Consortia and a therapist works in school one day a week, usually seeing 4 children per week for an initial programme of 8 weeks.

The school also works with the Mental Health Support Team and an external wellbeing service called BeMe which teaches calming strategies to select children.

School based anxiety interventions include draw and talk, socially speaking, lego therapy and Nature-Nurture Forest school Group.

### Physical and Sensory Needs

*Children may have a medical or genetic condition that could lead to difficulties with:*

- Specific medical conditions
- Gross / fine motor skills
- Visual / hearing impairment
- Accessing the curriculum without adaptation
- Physically accessing the building(s) or equipment.
- Over sensitivity to noise / smells / light / touch / taste.
- Toileting / self-care.

The school provides activities to support children's fine and gross motor development through activities such as Dough Disco, wake up and shake up and individualised fine motor skills development activities.

The school is equipped to assist with additional toileting and self care needs.

### SEND Support 2022-2023

During School Year 2022-2023 we had 70 children (aprox 17% of school) receiving some form of SEN Support. 3 children had an EHCP

During the year the One Page Plans were made and reviewed termly and the provision map is amended as such. Systems have been introduced to refer to the SEN Team and Register.

### Co-producing with children, young people and their parents

Involving parents and learners in the dialogue is central to our approach and we do this through:

Action/Event	Who's involved	Frequency
Personal Plan planning and review meetings.	Class teacher, parents, child (where age and ability appropriate)	At least termly.
Parents Evening	Class teacher, Parents	Each Term
Transition Meetings	Previous and new class teachers, SENCO and parents of specific children (eg. Those with ASD) who require support with transition. Nursery Schools/Provision and Secondary Schools.	End of Summer term.

EHCP/Statement Review meetings.	All agencies involved with child with a Statement/EHCP, parents, class teacher, SENCO.	Annually – dependent on when statement/EHCP was issued.
SEND Coffee Mornings	SENCO Headteacher Parents ASD Training Team	Termly
Where certain outside agencies are involved e.g. Educational Psychologist or SENISS, parents are always fully involved and will be invited to attend individual meetings with the agency, the class teacher and the SENCO to discuss the involvement of these agencies		

### Staff development and Qualifications

We are committed to developing the ongoing expertise of our staff. We have current expertise in our school:

Initials of person	Area of expertise	Level of Qualification
DD	SEN  British Sign Language	National SENCO Award British Sign Language Level 1
PH	SEND	NASENCO
LR	SEND	NASENCO

### Staff Development related to SEND

04/10/2022	IQM cluster meeting	P.Heery, L.Rice
06/10/2022	Inclusion Event	P.Heery J.Pooke
08/11/2022	SEND Briefing	P.Heery
10/11/2022	Dyslexia Conference	P.Heery, J.Pooke
17/11/2022	Lego Therapy Training	Learning Support and Intervention Staff
17/11/2022	National SENCO Award	LRE
18/11/2022	Support Network - SEND and Behaviour	DDY
06/12/2022	Speech and Language Training – Claire McGuffie	EYFS, KS1 staff
31/01/2023	Local Authority SEND training with Yvonne Sutton	Teaching Staff
07/02/2023	Dyscalculia	Teaching staff
25/04/2023	Inclusion, Mental Health and SEND COP training - LRE	All staff
11/05/2023	Boxall Profile Training	PHY
23/05/2023	Precision Teach	PHY, LHD
15/06/2023	IQM Cluster	PHY
17/10/2023	IQM Cluster	GGG
24/10/2023	Primary SEND Briefing	PHY

The SENCO also attends termly meetings with fellow professionals in the consortium. The SENCO is in a smaller support group with SENCOs from King David, Mosspsits and Heygreen schools accessing peer support and advice.

### Staff deployment

Considerable thought, planning and preparation goes into utilising our support staff to ensure children achieve the best outcomes, this includes for them to gain independence and are prepared for adulthood from the earliest possible age.

Support staff are deployed according to where their own skill set can be employed to best effect and where there are areas of greatest pupil need.  
The Deployment of Learning Support Assistants is reviewed annually to meet the needs of the children in our school and is targeted towards particular cohorts.

### Finance

The school SEND budget has been spent on the allocation of staff and resources according to where the highest level of need is. Staff are allocated according to their skill set and areas of expertise. This is reviewed annually by the Senior Leadership Team.

### School External Partnerships and Transition Plans

- Our academic assessment for children and young people with special educational needs is moderated through our cluster of schools and neighbouring partners.
- Our approach for welcoming new children with SEN includes visiting their previous setting and discussing individual children's needs with the SENCO or other relevant staff at the setting. We welcome transitional visits to our school and are happy to meet with parents.
- Our approach to supporting children make the transition into the next stage of their education includes helping pupils and families to arrange visits to their new school and working with pupils to understand what their new school will be like.
- Designated staff from our feeder schools contacted our school to discuss effective transition of the children in lieu of traditional meetings at school.
- The SENCO would usually have attended the the Local Authority Transition Forum where to meet SENCOs of the feeder schools and hands over information regarding transferring pupils, including reports from outside agencies, this was done over the phone and electronically.,
- The EYFS team and SENCO usually attends the Nursery to Reception transition meeting organised by the Local Authority. Phone calls and contact with the different nurseries this year helped our school and the feeder schools to have an understanding of the individual pupil's needs and make any necessary changes or provision to make the transition smoother for the pupil.

### Complaints

If you are unhappy or concerned about the provision your child is receiving in school, you can contact your child's teacher or the SENCo. Many concerns can be resolved by simple clarification or discussion. However, if you are still unhappy, you can contact the Headteacher and refer to the School Complaints Policy. *Our complaints procedure is* outlined in our Complaints a copy of which you can obtain from the school office. An electronic copy is also on the school Website

### Developments in SEND

Monitoring the impact of provision.	The impact of provision is reviewed termly. The IQM process leads assessment led this review also.
Revised Deployment of Learning Support Team, needs led.	The allocation of Learning support was reviewed and allocations to classes/children was made on a needs led basis.
Review of inclusive practices including ongoing work on IQM (Inclusion Quality Mark) flagship status. (other areas for development will come from this review).	All inclusive practices were reviewed during the year through the self-evaluation process for the IQM award. The School is an IQM flagship school and is recredited with this annually depending on the outcome of an assessment visit.

### Further Development in SEND 2023-24

Our strategic plans for developing and enhancing SEN provision in our school next year include:

<p>Work with ADHD Foundation          'Peace Project' to focus on Mental Health and Social Emotional areas of need          Continued development of SEND/Inclusion Coffee information mornings          Continued development of our Inclusive Curriculum          Support for Parents          Graduated Approach and information sharing with parents</p>
<p><b>IQM Centre of Excellence Targets:</b></p>
<p>Launch a Peace Project and re-imagine the use and potential of the peace garden area of school. Peace project will involve whole-school community and focus on current global issues as well as values close to the school.</p>
<p>Continue to enhance the Inclusive Curriculum</p>

<p><b>Relevant school policies underpinning this SEN Information Report include:</b></p>
<p>SENd Policy          Behaviour and Anti-Bullying Policy          Teaching and Learning Policy</p>
<p><b>Legislative Acts taken into account when compiling this report include:</b></p>
<p>Children &amp; Families Act 2014          Equality Act 2010          Mental Capacity Act 2005</p>

Completed by: Peter Heery  
 Date presented to/approved by Governing Body: November 2023  
 To be reviewed: November 2024
