

Message from Duthie Dental

We are taking on NHS Children!!!

We are a family run dental practice located in your area with over 40 years of experience. We currently have space on our NHS list to take on more Children. Adults can register privately as Denplan Patients. Its never too early to register your Child with an NHS dentist. Regular visits to the dentist will help your child to understand the importance of looking after their teeth, gums and mouth from an early age. Spaces are limited so please try to register your child as soon as you can. Places will be given on a first come first serve basis. A child's first checkup must be booked at the time of registration and in order to maintain their NHS place at the practice they must attend regularly at a frequency recommended by their dentist.

**To register your child please call 0151 722 2642
or email us reception@duthie.dental**

113-119 Woolton Road, Wavertree, Liverpool, L15 6TB
